Year	Number of Weddings	Average Spending per Wedding	Median Spending per Wedding	Total Sales
2028	149	\$22,803	\$0	\$3,397,647

Note About Data

Years 2020, 2021, 2022, 2023 reflect changes based on COVID-19

This data reflects what couples actually report across a wide range of budgets, demographics, and wedding styles. It includes both new and used items, professional services, and even help from friends or family. Spending may seem lower than some are used to - that's intentional. It provides a clearer, more realistic view of how most couples actually prioritize and spend, which can be a real advantage when making smart, real-world business decisions.

County numbers will not equal County Clerk numbers because couples can marry anywhere within the State.
